A MESSAGE OF CARING: SOUTHBAY COMING TOGETHER

In times of tragedy and fear we often witness acts of kindness that help lead the way to strength and hope. During this virus pandemic that surrounds us, something wonderful is happening here in Southbay. Tia and Brian Barrett of Harbor House Drive are leading a team of volunteers to participate in an **Adopt-a-Neighbor** program. Starting today, the volunteers will contact 40 of our elderly, housebound and most vulnerable residents to check in with them and offer grocery shopping services. A system of delivery and reimbursement without contact will be coordinated.

If you live alone and are seriously in need help, and you are not contacted within the next few days, please get in touch with Tia Barrett (tiabelle@hotmail.com, 865-599-3669)

Thank you to the following volunteers who are bringing our community together in the spirit of caring:

Tia and Brian Barrett
Michelle Belaire
Jenny and Dustin Bloom
Lauren Broderson
Vanessa Chastain

Jill Crabill
Jillian Feit
Deb and Dave Flamenbaum
Sarah Soboleski

Although there may be isolation forced upon us there doesn't have to be loneliness.

The April issue of the Crow's Nest is now available on line. We expect to have a printed version next week. Featured in this issue are:

- Clubhouse construction updates
- A new "Straight From The Crow's Mouth" Q&A about the renovation project
- Information on the new Ad Hoc Safety Committee
- The identity of the secret pickleball donor is revealed!

Making Payments to the Southbay Office

For your convenience while the Southbay Office is closed for face-to-face business, owners can now drop their payments in a locked box outside the Clubhouse, next to the regular mailbox.
